The IAF RTW has reached Inukjuak which is supposed to be a refuel stop as well.

[Special: Round the World Expedition](#)

NEW DELHI: The IAF RTW expedition has landed at Inukjuak enroute Iqualuit. Inukjuak is supposed to be a refuel stop after they left Le Grande earlier today.

The departure from Le Grande was delayed due to low hanging clouds there coupled with poor visibility.

The expedition is now 12 days behind schedule and all attempts to make up some of the days have been thwarted by poor weather that has hamstrung the expedition all through its journey through China and Russia. The fact that the aircraft is small and prone to elements does not make things simple either.

The pilots had taken off from Hindan air base near Delhi on June 1. [Congratulate Wing Cdr Rahul Monga](#)
