

PROCEDURE TO AVAIL TEST FACILITY

- ✓ The registered private entity shall download the 'Test Facility Requisition Proforma', fill it up and forward it to the Nodal Officer along with the 'End User Certificate' and 'Non Disclosure Agreement' certificate.
- ✓ The nodal officer at Air Headquarters will study the proposal and obtain the necessary approvals.
- ✓ On accord of approval, the nodal officer will coordinate the schedule and estimated cost of the test facility with the concerned IAF agency (ASTE/BRD) and the private entity.
- ✓ Thereafter, the private entity shall place a Service Order including acceptance of the payment terms to the nodal officer and handover the equipment to be tested to the concerned IAF agency as per the schedule.
- ✓ The nodal officer at Air Headquarters will coordinate the necessary security clearances in respect of the representatives of the private entity for their visit to the concerned IAF agency.
- ✓ The equipment will be tested as per the test schedule prepared by the IAF agency, in consultation with the private entity. On completion of the test, a test report will be generated and submitted to the private entity.
